

getSolver

```
graph LR; A[getSolver] --> B[amici::Solver::getLinearSolver];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'getSolver'. The right box is white and contains the text 'amici::Solver::getLinearSolver' on two lines. A blue arrow points from the right side of the gray box to the left side of the white box.
