

setRelativeToleranceQuadratures

setupB

applyQuadTolerancesASA

```
graph LR; A[setRelativeToleranceQuadratures] --> C[applyQuadTolerancesASA]; B[setupB] --> C;
```

A flowchart with three rectangular boxes. The box 'setRelativeToleranceQuadratures' is at the top left. The box 'setupB' is below it and to the right. The box 'applyQuadTolerancesASA' is on the right side. Two blue arrows point from the 'setRelativeToleranceQuadratures' and 'setupB' boxes to the 'applyQuadTolerancesASA' box. The 'applyQuadTolerancesASA' box has a light gray fill and a black border, while the other two have white fills and black borders.
