

relnit

```
graph LR; relnit --> amici::SUNMatrixWrapper::get
```

A diagram showing a call from a function named 'relnit' to a function named 'amici::SUNMatrixWrapper::get'. The 'relnit' box is shaded gray, while the 'amici::SUNMatrixWrapper::get' box is white. A blue arrow points from the right side of the 'relnit' box to the left side of the 'amici::SUNMatrixWrapper::get' box.

amici::SUNMatrixWrapper::get
