

getSolver

```
graph LR; A[getSolver] --> B[amici::Solver::getLinearSolver];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'getSolver'. A blue arrow points from the right side of this box to the left side of the right box. The right box is white with a black border and contains the text 'amici::Solver::getLinear' on the top line and 'Solver' on the bottom line.
