

amici::Model::addStateEvent
Update

```
graph LR; A[amici::Model::addStateEvent Update] --> B[fdeltax]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is white with a black border and contains the text 'amici::Model::addStateEvent' on the top line and 'Update' on the bottom line. A dark blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'fdeltax'.
