

fJSparse

```
graph LR; fJSparse[fJSparse] --> amici[amici::AmiVector::getNVector]
```

A diagram showing a call from a function named 'fJSparse' to a function named 'amici::AmiVector::getNVector'. The 'fJSparse' box is shaded gray, while the 'amici::AmiVector::getNVector' box is white. A blue arrow points from the right side of the 'fJSparse' box to the left side of the 'amici::AmiVector::getNVector' box.

amici::AmiVector::getNVector
