

setRelativeToleranceQuadratures

setupB

applyQuadTolerancesASA

```
graph LR; A[setRelativeToleranceQuadratures] --> C[applyQuadTolerancesASA]; B[setupB] --> C;
```

A flowchart with three rectangular boxes. The box 'setRelativeToleranceQuadratures' is at the top left. The box 'setupB' is below it and to the right. The box 'applyQuadTolerancesASA' is on the right side. Two blue arrows point from the first two boxes to the third box. The 'applyQuadTolerancesASA' box has a gray background and a black border, while the others are white with black borders.
