

amici::NewtonSolverDense
::prepareLinearSystemB

amici::NewtonSolverIterative
::prepareLinearSystemB

```
graph LR; A[amici::NewtonSolverDense::prepareLinearSystemB] --> C[fJB]; B[amici::NewtonSolverIterative::prepareLinearSystemB] --> C;
```

fJB

The diagram illustrates a dependency or call relationship. Two white rectangular boxes on the left contain the function names 'amici::NewtonSolverDense::prepareLinearSystemB' and 'amici::NewtonSolverIterative::prepareLinearSystemB'. Blue arrows from the right side of each box converge on a single gray rectangular box on the right labeled 'fJB'.
